

# Medicare levy adjustment monthly withholding table

This table should be read with the *Monthly withholding table* (NAT 1007) and the *Medicare levy variation declaration* (NAT 0929).

**!** FOR PAYMENTS MADE ON OR  
AFTER 1 JULY 2012

From 1 July 2012, the temporary flood and cyclone reconstruction levy (flood levy) will no longer apply.

**➔** For a full list of tax tables, visit our website at  
[www.ato.gov.au/taxtables](http://www.ato.gov.au/taxtables)

Alternatively, we have a calculator to help work out the correct amount of tax to withhold from payments to most payees. To access the calculator, visit our website at  
[www.ato.gov.au/taxwithheldcalculator](http://www.ato.gov.au/taxwithheldcalculator)

## WHO SHOULD USE THIS TABLE?

You should use this table if you make payments to your payee on a monthly basis and they are entitled to a Medicare levy adjustment.

## Can you use a formula?

The Medicare levy adjustments shown in this table can be expressed in a mathematical form.

If you have developed your own payroll software package, you will need to refer to *Statement of formulas for calculating amounts to be withheld* (NAT 1004) available on our website at [www.ato.gov.au/taxtables](http://www.ato.gov.au/taxtables)

## IS YOUR PAYEE ENTITLED TO A MEDICARE LEVY ADJUSTMENT?

Your payee is entitled to an adjustment if they meet **all** of the following requirements:

- they have provided you with a *Medicare levy variation declaration* (NAT 0929) in which they
  - claimed dependants
  - answered **yes** to question 10 'Is the combined weekly income of you and your spouse, or your income as a sole parent, less than the relevant amount in table 1 on this page?'
- they have monthly earnings of \$1,711 or more, but less than the corresponding amount in column A of table 1 on this page
  - for example, a payee who claims two dependent children must have monthly earnings of less than \$3,799 to be entitled to a Medicare levy adjustment.

❗ No Medicare levy is payable on monthly earnings of less than \$1,711.

If your payee claims more than 10 children, the column A amount is \$6,158, plus \$295 for each child claimed in excess of 10.

Column B shows the values used in calculating adjustments for payees with more than five dependent children. If your payee claims more than 10 dependent children, the column B amount is \$5,234.42 plus \$250.59 for each child in excess of 10.

➤ For more information about how to use table 1, see 'How to work out the Medicare levy adjustment' on page 3.

**TABLE 1: Medicare levy adjustments**

	Column A	Column B
Spouse only	\$3,210	—
Number of children		
1	\$3,504	—
2	\$3,799	—
3	\$4,094	—
4	\$4,389	—
5	\$4,684	—
6	\$4,978	\$4,232.08
7	\$5,273	\$4,482.67
8	\$5,568	\$4,733.25
9	\$5,863	\$4,983.83
10	\$6,158	\$5,234.42

## HOW TO WORK OUT WITHHOLDING AMOUNTS

To work out the amount you need to withhold, you must:

- 1 Use the *Monthly withholding table* (NAT 1007) to find the monthly amount to withhold from your payee's earnings, allowing for any tax offsets claimed.
- 2 Reduce this amount by the amount of the Medicare levy adjustment, worked out as detailed on page 3.

❗ Where the adjustment equals or exceeds the amount obtained in step 1, the amount to be withheld is nil.

## HOW TO WORK OUT THE MEDICARE LEVY ADJUSTMENT

How you work out the Medicare levy adjustment varies depending on the number of dependent children your payee is claiming, see either:

- 'Payee claiming spouse and/or one to five dependent children' below
- 'Payee with more than five dependent children' below.

### Payee claiming spouse and/or one to five dependent children

Use the table on page 4 to find your payee's monthly earnings, or the nearest lower figure, in the 'Monthly earnings' column and the corresponding amount of Medicare levy adjustment in the appropriate column.

#### EXAMPLE

The payee has monthly earnings of \$1,897.65 and is claiming four dependent children on the Medicare levy variation declaration. Find \$1,897.65, or the closest lower amount (in this case \$1,893.67), in the 'Monthly earnings' column and find the corresponding Medicare levy adjustment of \$17.00 from the '4 children' column.

### Payee with more than five dependent children

How you work out the Medicare levy adjustment for a payee with more than five dependent children varies depending on the monthly earnings of your payee, see:

- 'Monthly earnings less than \$3,982' below
- 'Monthly earnings of \$3,982 or more but less than the column B amount that corresponds to the number of dependent children claimed' on this page
- 'Monthly earnings of \$3,982 or more and greater than the column B amount but less than the column A amount that corresponds to the number of dependent children claimed' on this page.

### Monthly earnings less than \$3,982

Use the '5 children' column. Use the table beginning on page 4 to find your payee's earnings, or the nearest lower amount, in the 'Monthly earnings' column and find the corresponding amount of Medicare levy adjustment in the '5 children' column.

#### EXAMPLE

The payee has monthly earnings of \$1,779.48 and is claiming six dependent children. Find \$1,779.48, or the nearest lower amount (in this case \$1,776.67), in the 'Monthly earnings' column and find the corresponding Medicare levy adjustment of \$9.00 in the '5 children' column.

### Monthly earnings of \$3,982 or more but less than the column B amount that corresponds to the number of dependent children claimed

Round the monthly earnings down to the next dollar amount. Take 1.5% of that amount and round to the nearest dollar.

#### EXAMPLE

The payee has monthly earnings of \$4,062.60 and is claiming seven dependent children. Take 1.5% of \$4,062.00 (the next lower dollar amount), this equals \$60.93.

The Medicare levy adjustment is \$61, rounded to the nearest dollar.

### Monthly earnings of \$3,982 or more and greater than the column B amount but less than the column A amount that corresponds to the number of dependent children claimed

Complete steps 1–4 below:

- 1 Take 1.5% of the relevant column B amount. Round the result to the nearest cent.
- 2 Take 8.5% of the difference between the monthly earnings (round down to the next dollar amount) and the column B amount. Round the result to the nearest cent.
- 3 Subtract the result of step 2 from step 1.
- 4 Round the result to the nearest dollar.

#### EXAMPLE

The payee has monthly earnings of \$5,000.17 and is claiming eight dependent children.

- 1  $1.5\% \times \$4,733.25$  (column B amount for eight children)  
= \$71.00
- 2  $8.5\% \times (\$5,000 - \$4,733.25)$   
=  $8.5\% \times \$266.75$   
= \$22.67
- 3  $\$71.00 - \$22.67$   
= \$48.33
- 4 \$48.00 (\$48.33 rounded to the nearest dollar).

The Medicare levy adjustment is \$48.

## PAYG WITHHOLDING PUBLICATIONS

You can access all PAYG withholding tax tables and other PAYG withholding publications quickly and easily from our website at [www.ato.gov.au/paygw](http://www.ato.gov.au/paygw)

Copies of weekly and fortnightly tax tables are available from most newsagents. Newsagents also hold copies of the following:

- Tax file number declaration (NAT 3092)
- Withholding declaration (NAT 3093).
