# eSAT closes 1 March - switch to OSB now!

To improve our online services, we're decommissioning the electronic superannuation audit tool (eSAT) at 12am 1 March 2022. Don't wait, now is the best time to switch to Online services for business.

Online services for business is a new and secure way of managing your tax and superannuation obligations which can be used on multiple devices.

To switch, simply log in or sign up for Online services for business through our website. If you are new to our services, you may need to set up your myGovID and link it to your Relationship Authorisation Manager (RAM).

We're looking to further enhance the Online services for business tool by making updates which include:

- the ability to prepopulate auditor details into ACR and ACA forms
- improved messaging with prompts to download a copy of your ACR onto your device
- increasing the number of draft ACR forms you can save and how long they can be saved for.

We'll email SMSF auditors to let them know when they must make the switch. But there's no need to wait - transition to Online services for business now and familiarise yourself with the new way to lodge your ACRs and ACAs.

When eSAT decommissions, you won't be able to use it to lodge:

- new or amended auditor contravention reports (ACRs)
- audit complete advices (ACAs).
